A large grid of 100 small, identical rectangular panels, each containing a complex, dense pattern of black and white lines, resembling a high-resolution scan of a textured surface or a microscopic image. The patterns are highly detailed and appear to be generated by a process like a random walk or a similar algorithm, creating a noisy, textured appearance. The panels are arranged in a 10x10 grid, with each panel having a thin black border. The overall image is a grayscale representation of a complex, noisy pattern.
